

Box Build & PCA Final Assembly

Innovative. Integrated. Exceptional.

Turnkey Box Build & Final Assembly Tailored to Your Project's Demands

At BENCOR, we specialize in comprehensive box build and final assembly services for electronic products, drawing on over 100 years of combined expertise in printed circuit assemblies (PCAs) and integrated systems. As your silent partner, we handle the intricate final stages of assembly, testing, and packaging, ensuring your products are delivered ready-to-ship.

Our Core Offerings

We deliver turnkey box build and PCA final assembly tailored to your project's demands, from prototypes to high-volume production:

- **Complete Box Build Integration:** Combining PCAs, cable assemblies, enclosures, and components into fully functional units.
- **Final Assembly and Testing:** Programming, functional testing, conformal coating, and quality verifications ensuring performance and reliability.
- **Packaging and Shipping Readiness:** Custom kitting, labeling, and packaging for seamless distribution.
- **Just-in-Time (JIT) and Safety Stock Programs:** Reducing inventory costs while guaranteeing component availability and on-time delivery.
- **Sustaining Engineering Support:** Addressing obsolete parts, upgrades, or new functionalities to extend product lifecycles.
- **Industry-Specific Solutions:** Serving diverse sectors like irrigation controls, oil & gas, medical devices, aviation, military, robotics, security, solar energy, and space exploration.

✓ **Reliable Final-Stage Delivery** ✓ **PCB Integration**
✓ **Cost & Risk Optimization** ✓ **Personalized Service**

Your dependable ally in delivering exceptional electronic products.

We'll get you pricing and options ASAP.
